# KYNG

PRESS RELEASE | NOVEMBER 2023

Silverhand Estate has launched its flagship wine, KYNG, along with a limited release of its exclusive collector's packaging.

Just 50 units of KYNG's inaugural release are now available to preorder, encased in a handcrafted wood and stainless-steel vessel, designed by world-renowned architect Lord Norman Foster. In keeping with Silverhand's commitment to sustainability, the beautiful and unique packaging unit doubles as a wine cooler, ensuring its reuse for years to come. There is also the option of adding a personalised plaque.

Every part of this pioneering wine is a work of art, from the bespoke packaging to the liquid inside. Beautifully rose gold in hue, with a fine

and elegant mousse, this sparkling sensation has notes of deep red fruit, finishing with a delightful hint of toasted brioche. Made from 100% Pinot Noir and spending five years on lees, KYNG is only produced in the most exceptional of vintages, to deliver a truly special and unparalleled drinking experience.

Whether presented as an extraordinary gift or indulged in as a personal treat, KYNG is designed to leave an indelible mark this sparkling season.
